

Dearest nephew,

Reports of my death are ... exaggerated.
Lately, I've been working on a time machine.
Last week, I made a breakthrough!
Reset THE DEVICE and join me in the past.

P.S. Quark is keeping THE DEVICE "safe".
XOOOOO

*Tick and tock, just like a clock,
it lets you see the past.*

*Use Newton's laws to expose the flaws
with time's arrow at long last.*

*Turn it on, then you'll be gone!
Let the table give you power.*

*Do it now, and should fate allow,
we'll be reunited within the hour.*
