

Dearest nephew,

Reports of my death are ... exaggerated.  
Lately, I've been working on a time machine.  
Last week, I made a breakthrough!  
Reset THE DEVICE and join me in the past.

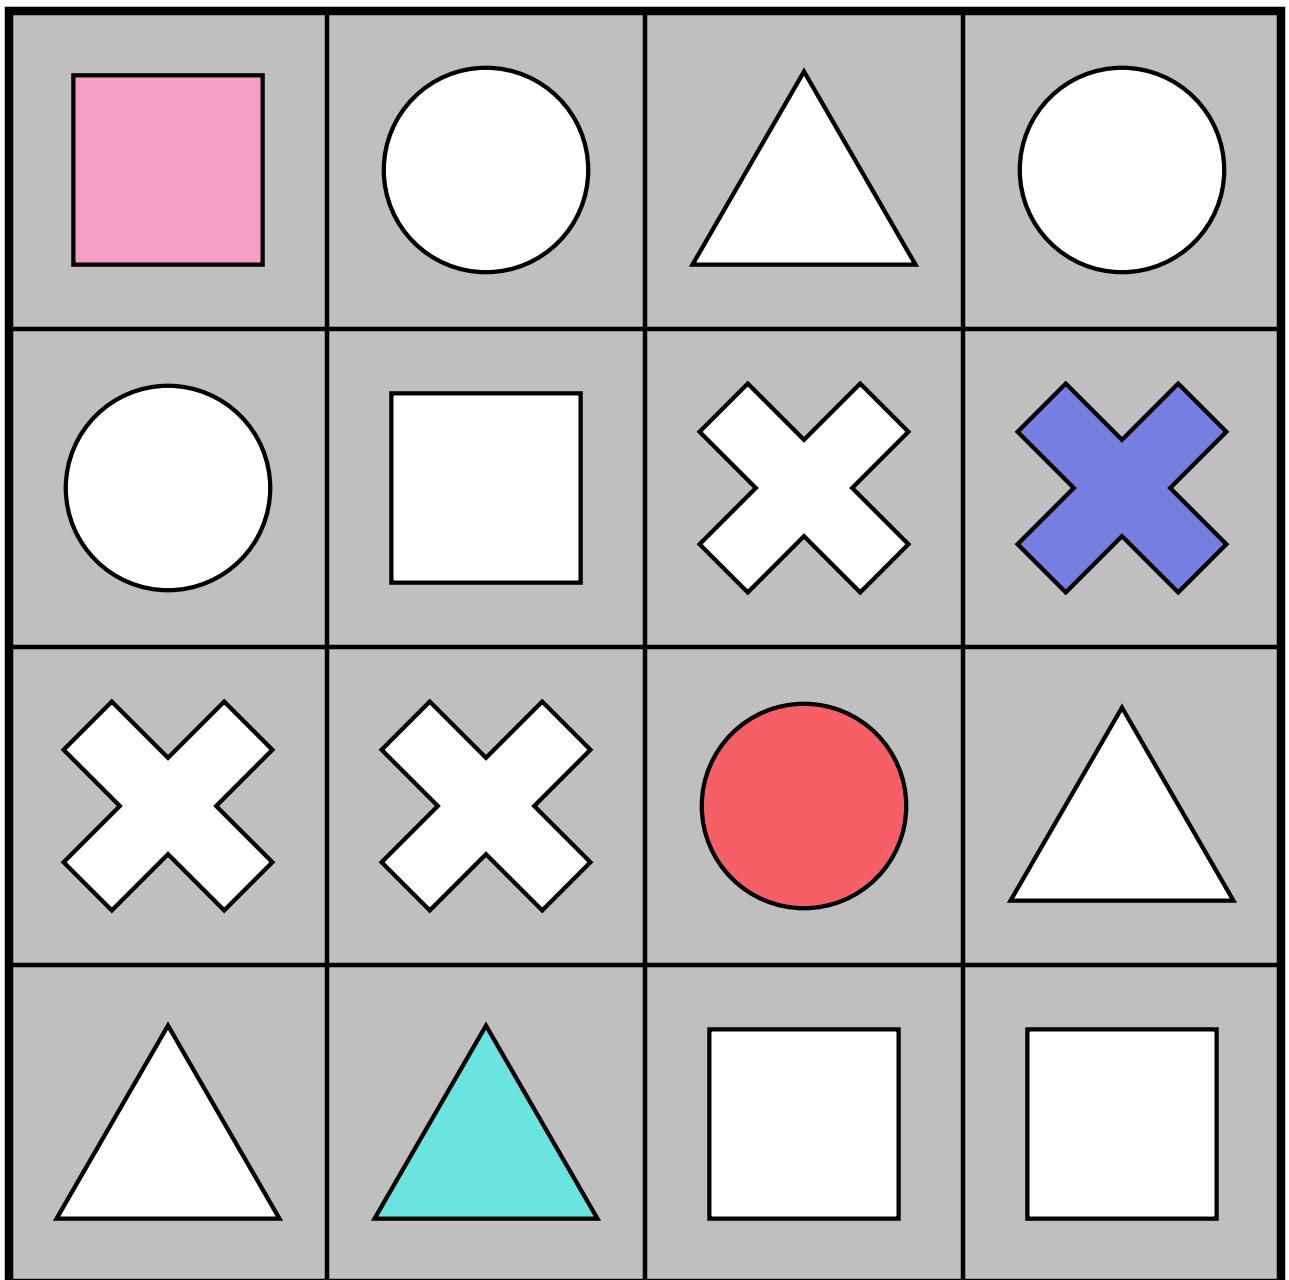

OXOOXX

*U. Elliot*

P.S. Quark is keeping THE DEVICE "safe".

## **Rewind**

Tick and tock, just like a clock,  
it lets you see the past.

Use Newton's laws to expose the flaws  
with time's arrow at long last.

Turn it on, then you'll be gone!  
Let the table give you power.

Do it now, and should fate allow,  
we'll be reunited within the hour.
